provision being made in the budgets of the next and subsequent years.

		Rs.	
A. Recurring —			
1. For Assistant Inspectors' Offices	...	72,294	per annum.
2. For contingent grant to Village Panchayets and Municipalities functioning as attendance committees	...	9,720	,,
Total	...	82,014	,,
Provision already sanctioned	...	43,200	,,
Extra provision required	...	38,814	,,
B. Non-recurring	...	24,600	,,

Government consider that the house rent of Rs. 15 per mensem proposed to each of the offices of the Assistant Inspectors is high and that the same be fixed at Rs. 10 per mensem each. Again as the jurisdiction of each Assistant Inspector of Education is only two hoblis, a fixed travelling allowance of Rs. 25 per mensem, instead of Rs. 40 per mensem is sanctioned to each of these offices. With the above modifications, the proposals of the Director of Public Instruction in Mysore are sanctioned. The cost required this year will be met from the sanctioned grants of the department and necessary provision will be made in the budgets of the subsequent years.

As regards the headquarters of the new ranges and the area covered by each, the Director has forwarded Statement A which indicates 27 places where the new Kannada ranges have to come into existence in addition to the existing nine ranges in all the nine selected taluks and Statement B which shows where the three new Urdu ranges have to be started. The jurisdiction of all the Kannada Assistant Inspectors is limited to one or two hoblis at the most with about 40 schools on an average per range. The Director states that on account of the difficulty of securing suitable men for appointment as Assistant Inspectors and suitable buildings for Range Offices and also on account of the fact that seven places in Statement A have too small a number of schools to justify the formation of a range in each of those places, just at present, action will be taken now to open only 20 new Kannada Ranges in addition to nine old Kannada Ranges as detailed in Statement C and three new Urdu Ranges as in Statement B, the remaining seven ranges being started as more and more schools are given to those areas and the number of schools comes to about 40 in each range and requests approval to the distribution of the ranges, as in Statements A and B and sanction for the opening of the Range Offices as indicated in Statements B and C to start with. These proposals of the Director of Public Instruction are also approved.
